

# ROOT CUTTER

# MARDER

**For aerating the soil and for root cutting**

- Compact and robust
- Multi purpose
- Sheer protection on the tines

With the SAUERBURGER Marder you can achieve broad loosening of the soil, down to a depth of 50cm.

Marder is suitable for planted areas as well as open fields. With its specially formed tines you can loosen the soil without major damage to the grass

Behind the Marder is a packer roller ensuring the ground is left almost in the original condition, ensuring the grass can re-grow with out any visible damage.

The low resistance of the tines ensures speedy work (up to 10 km/h) reducing the running costs per hectare.

Type	Outside width m	Working depth m	Weight kg
<b>MARDER</b>	1,00	max. 0,50	410
